

**APPLICATION TO CONDUCT RESEARCH WITHIN OR IN CONJUNCTION WITH
K2C¹ BIOSPHERE**

Note:

Below is an application form for researchers wishing to conduct research either within, in conjunction with or with the support of the Kruger to Canyons Biosphere, or in relation to any of its projects.

Applications to conduct research will need to be reviewed. The issues covered in this application indicate some of the key aspects which would need to be considered.

APPLICATION TO CONDUCT **ACADEMIC RESEARCH with K2C**

Name of researcher: _____

Contact details of researcher:

Telephone number: _____

Cell number: _____

Email: _____

Physical address: _____

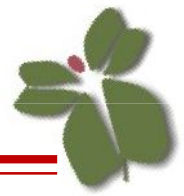

Postal address: _____

Research title:

Date/s and place of proposed research:

¹ Kruger to Canyons Biosphere Region

Application: K2C Research

Details of research team (name of researcher/s, research assistant/s, supervisor, and any other team members):

Details of degree/diploma/certificate for which research is required:

Through which institution is this research being conducted ? (Name and contact details of department, school and institution)

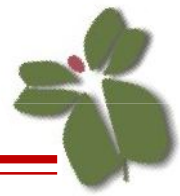

Do you have approval from the Ethics Committee of this institution to conduct the research?

YES	NO
-----	----

If yes, provide:

Reference number for the approval: _____

Name and contact details of the Ethics Committee _____

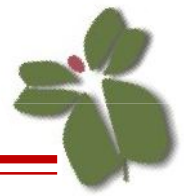

Does the research require access to written records or documentation of K2C or any of its associated projects?

YES	NO
-----	----

Explain: _____

How is the research funded? If by grant, please specify funder and grant details.

Summarise your proposed research process and objectives. Include estimated timeframe:

APPLICATION TO CONDUCT NON-ACADEMIC RESEARCH AT K2C

Name of research organisation and/or individual researcher:

Contact details of research organisation/individual researcher:

Telephone number: _____

Cell number: _____

Email: _____

Physical address: _____

Postal address: _____

Title of research:

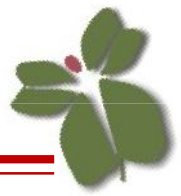

Reason for research:

Organisation/individual for whom research is being conducted

Name: _____

Contact details: _____

Application: K2C Research

Date/s and place of proposed research:

Details of research team (name of researcher/s, research assistant/s, supervisor, and any other team members):

How is the research funded? Please specify, and give contact details

Does this research require any biomedical intervention which requires approval from an Ethics Committee?

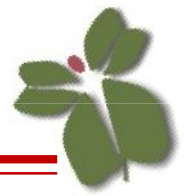

YES	NO
-----	----

If yes, provide:

Reference number for the approval: _____

Name and contact details of the Ethics Committee: _____

Application: K2C Research

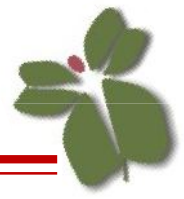

Does the research require access to written records or documentation of K2C or any of its associated projects?

YES	NO
-----	----

Explain.

Summarise the proposed research process and objectives. Include estimated timeframe.

GENERAL INFORMATION REQUIRED (FOR BOTH ACADEMIC AND NON ACADEMIC)

ETHICS

What ethical procedures/codes will you adhere to in the research process, for example:

- How will you inform participants about the research?

- How will you obtain participant's informed consent?

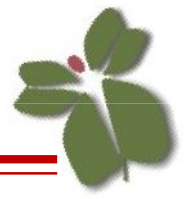

- How will you ensure anonymity, if necessary?

- Who will have access to the data?

K2C RESOURCES REQUIRED

What K2C staff involvement do you envisage?

Application: K2C Research

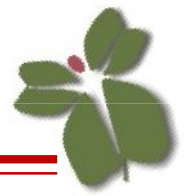

How much time do you envisage this involvement would require?

What other K2C resources would you hope to use? (Office space, telephones, logistical support to organise access/translate etc)

BENEFIT

How will K2C and/or its projects benefit from the research process and/or findings?

How will the research participants benefit from the research process and/or findings?

PUBLICATION AND DISSEMINATION

Will the findings be published?

YES	NO
-----	----

Where and when? _____

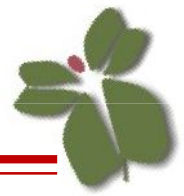

How will the findings be disseminated and to whom? _____

K2C requires that it be supplied with a copy of the research findings and all publications and materials developed from these. Who will undertake to do so? _____

COMMERCIAL APPLICATION

Who will exercise ownership of the data? _____

Will the data be used to inform any commercial enterprise? Specify _____

When will the data be destroyed? _____

ACKNOWLEDGEMENTS

K2C requires that the organisation and its projects be acknowledged as a research site, as participants and as stakeholders in the outcome of the research. Where and how will K2C and its projects be acknowledged?
